Dear Parents:

In the accompanying email, please find the instructions to access your 2018 tuition payments for your child's education at Brookwood Christian Language School.

The school is a special school designed to compensate for or overcome Dyslexia, some neurological disorders, ADD, and other specific learning disabilities. Brookwood Christian Language School was designed to help your child qualify for future normal education or normal living. Because of our students' inability to function in a normal school setting, we offer specialized methods and materials recommended by doctors, occupational therapists, and speech language pathologists.

As you have your taxes prepared this year, you can include this letter with your tax documents and receipts. EIN: 20-8499098

Sincerely,

Kim Wigington
